

Individual Contract

NAME

Please submit this contract with your Topic Selection Sheet by September 18.

I will complete an individual entry in National History Day for 2012-2013. I realize that I will have freedom and independence in the research, development, and creation of my entry. I also realize that I will complete all aspects of the project, including the annotated bibliography and process paper, by myself. I realize that I will need to develop and maintain a system of organization for all of my research material. I also have reviewed the basic overview of the project with my parent(s).

Student signature:

Date

I have received the parent letter regarding National History Day and have reviewed the general overview of the project with my son/daughter. I understand that my son/daughter has chosen to complete an individual research project.
