

NATIONAL HISTORY DAY

RESOURCE MEETINGS Due DECEMBER 3

- You are required to meet with Mrs. Eppelsheimer **AND** another outside individual in order to find resources for your National history Day project. You have two and a half months to complete this step your project. **This checkpoint is worth 5 percent of your overall NHD grade** for the year.
- You must SCHEDULE a time to meet with Mrs. E.** The time **MUST FIT WITH HER SCHEDULE.** You can meet with her during a study hall, recess, or after school, **BUT IT MUST BE A SCHEDULED TIME** – not a drop in. Plan on spending about 20-30 minutes with her. She will get a list of everyone’s topics ahead of time. When you are done, have her sign this form (or something else) to prove you met. You should also write a brief description about what was accomplished in the meeting. **A thank you note would be nice in return for her help.**
- You must also meet with a person outside of USM to find and secure resources.** This person could be a public librarian, someone at a museum or historical society, a person from an organization or association, a historian or collector of information about your topic ... there are many options. Have the person sign this form as well. If you conduct your meeting by phone or email, provide proof of your communication. **A thank you note would be nice in return for the person’s help.**
- A primary or secondary source interview does not count for this component of the project, unless the interviewee also helps you find and secure other resources.

Ugh	Okay ...	Nice job!	Oh yeah!!
<p>No meeting took place inside or outside of school</p> <p>I/we chose not to take advantage of these incredible opportunities to find great resources from experts</p>	<p>I/we met with either Mrs. E OR an outside source, but not both.</p> <p>I/we chose not to take advantage of one of these incredible opportunities to find great resources from experts</p> <p>We were late in submitting our resource meeting proof.</p>		<p>I/we met had successful meetings Mrs. E and an outside source.</p> <p>I/we chose to take advantage of these incredible opportunities to find great resources from experts</p>
